MARCH IS BRAIN INJURY AWARENESS MONTH

HIGHLAND PARK, IL (MARCH 2017) – March is Brain Injury Awareness Month and [Freedom Home Care](http://www.freedomhomecare.net) is proud to play an integral role in helping its brain injury clients continue to live happy and healthy lives in the comfort of their own homes.

According to [Brain Injury Association of America](http://www.biausa.org), 3.5 million Americans sustain a brain injury each year and must receive specialized rehabilitation, lifelong disease management and individualized services and supports in order to live healthy, independent, and satisfying lives.

“Whether recovering from a traumatic brain injury from a stroke, fall, sports injury or car accident, Freedom Home Care understands each situation is different by age, incident and brain capacity and supports them to care for the needs of brain injury patients,” says Sharon Burack, Founder of Freedom Home Care.

Freedom Home Care is proud to be recognized as one of the top home care companies in the greater Chicagoland market and has grown over the past 20 years to servicing clients throughout Lake and Cook Counties and has plans to open three new locations in Evanston, Hinsdale and Lake Forest this year.
